

2021 Alberta Air Tour

WE ARE COMING TO YOUR LOCAL AIRPORT THIS SUMMER WITH A
FOCUS ON AVIATION, AEROSPACE, COMMUNITY, AND OPPORTUNITY

The Why and How

Scott Holmes of Outlaw Air Racing, Dina Jammaz of Elevate Aviation and Shane Getson, MLA of Lac Ste Anne-Parkland, launched the first Alberta Air Tour in 2020 to celebrate the local aviation industry.

The three founders share a passion for aviation and were thrilled to bring some excitement back to the general aviation community after the pandemic cancelled many aviation related events.

"It is an absolute pleasure to meet and work with members of our aviation community", says Dina Jammaz - Air Traffic Controller for NAVCANADA and Director of Industry Relations for Elevate Aviation. "This event has been incredible for building relationships with people all across Alberta, whether it is members of the aviation community or those who just love to watch airplanes."

[Elevate Aviation](#) offers a wide variety of programs for women to thrive and succeed through careers in aviation."

Last Year 1. This year – 3 Tours

Airplanes are cool. They draw attention, they inspire, and they generate cash

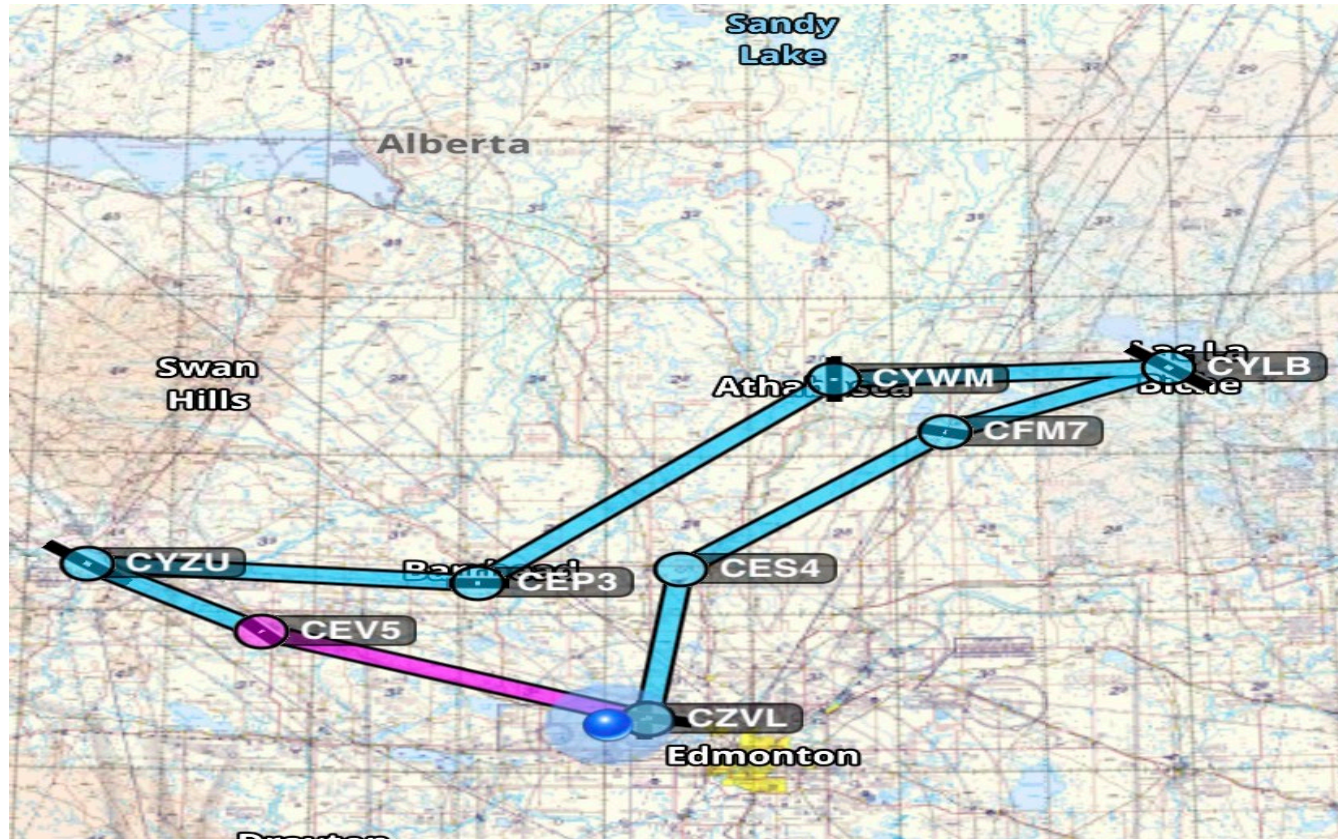

Last year - the “Edmonton wide Tour”: Villeneuve, Drayton, Camrose, Josephburg, Westlock, Barhead, Mayerthorpe

- 29 planes, hundreds of smiles, gallons of gas, and immeasurable inspiration provided.

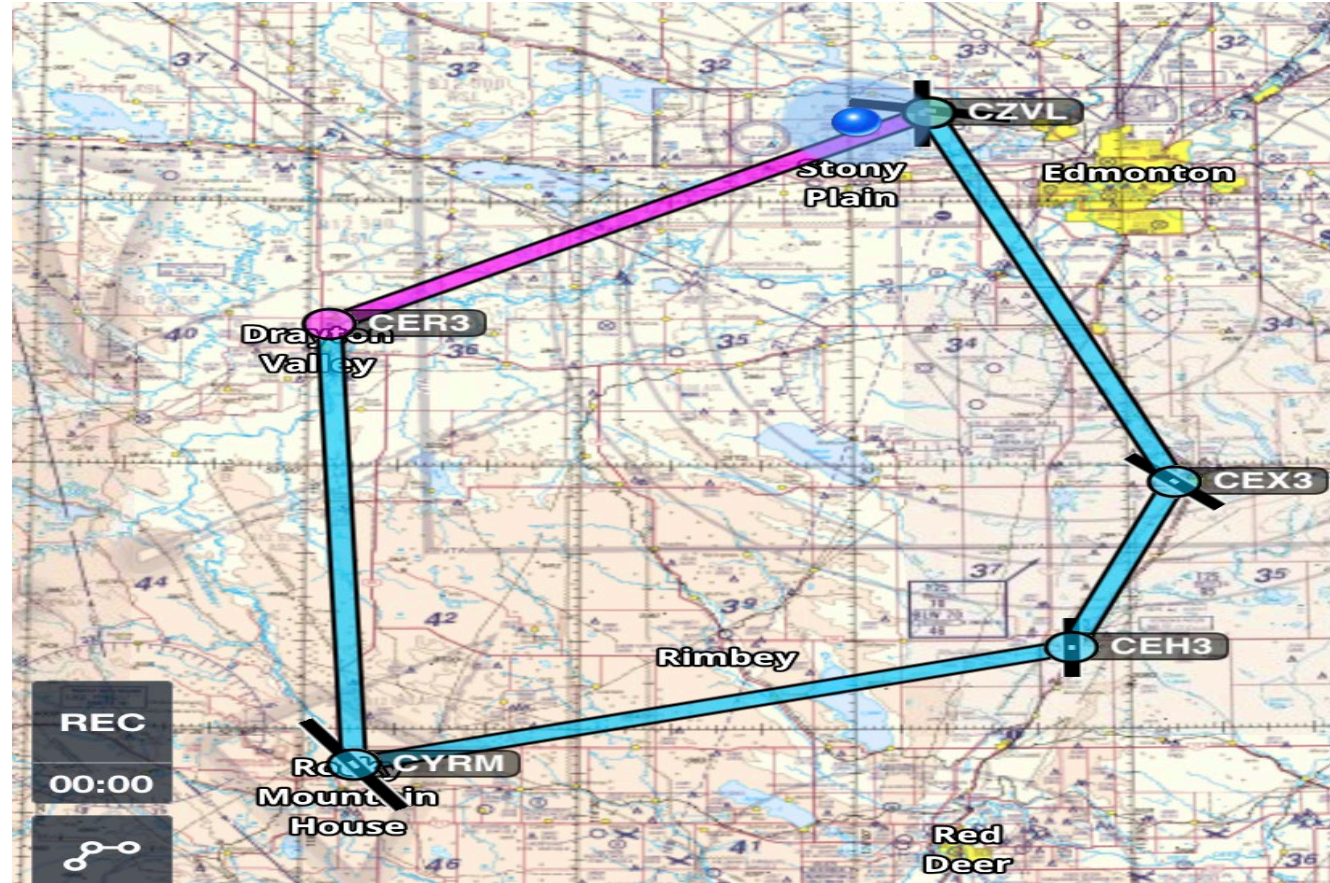

This Year – North, Central and South Tours

- North
 - Villeneuve, Mayerthorpe, Whitecourt, Barhead, Athabasca, Lac La Biche, Boyle, Westlock
- Central
 - Villeneuve Drayton Valley, Rocky Mountain House, Ponoka, Wetaskiwin,
- South
 - Red Deer Forestry, Sundry, Olds / Didsbury, Three Hills, Drumheller, Airdrie, and Biesecker

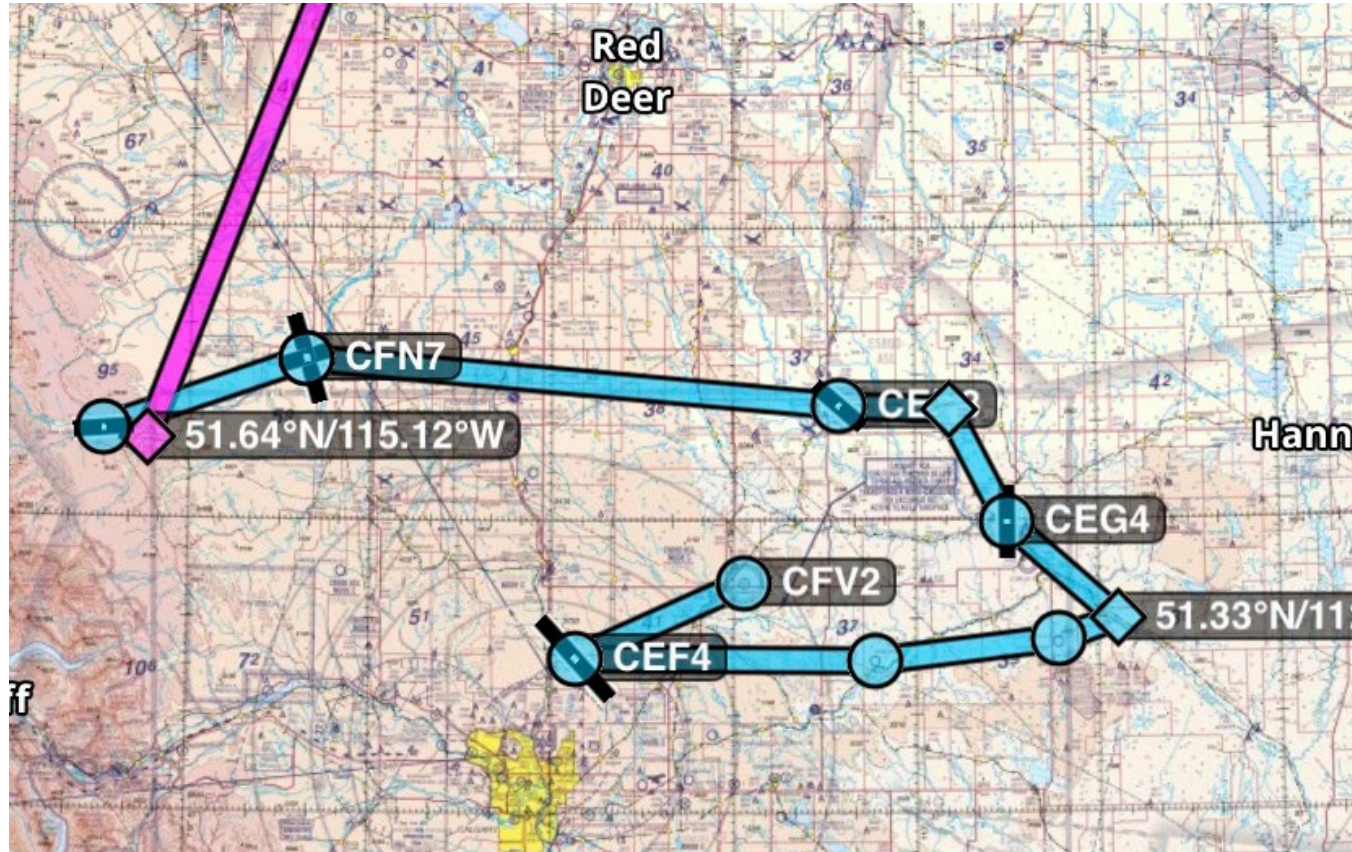

North Tour June 05 / 12

Central Tour July 10 / 17

South Tour Aug 07 / 21

So What did Last year look Like?

You: We need you to help facilitate local leaders so we can give them the pitch, and empower. Local CA – Get them involved, Chamber of Commerce, Counties, Towns, and Constituents. Free Event, Economic Relaunch.....Purveyor of HOPE.

What does General Aviation Offer

Freedom, Innovation, Inspiration, Revenue

General Aviation (refer to COPA 2017 Report generates \$130,000 per year per aircraft into direct economy [Microsoft Word - COPA General Aviation Economic Impact - FINAL REPORT 11May2018.docx \(copanational.org\)](#))

It's inspiring, and achievable. We will have a shortage of pilots...when we get traveling again

Allows for 80 percent transferable skill sets into the industry from the energy sector

Logistics, tourism, business, travel, hotels, restaurants, tax revenue, Construction, residential, convenience

Brings people together, still has a mystique, slipping the bonds of the earth.

Economic Relaunch – Aerospace & Aviation, Access to Global markets (drones, Engineering etc)

A large open air venue, Festivals, Clubs, Camping
